

Classroom Ideas & Activities

Rhyme Remix

Choose a nursery rhyme and “green” it—swap in eco actions (reuse bags, turn off lights, plant seeds). Perform as a class.

Upcycled Collage Art

Make Carin-style collages with clean packaging, magazines and paper scraps. Add a caption describing the eco habit.

Sort & Save Game

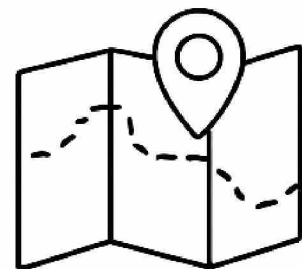

Bring clean recyclables; sort into “recycle / compost / trash.”

Discuss local rules.

One Small Change

Each student writes/draws one habit to try this week (refillable bottle, shorter showers, turning off taps).

Community Map

Mark places that help the planet (library, thrift shop, farmers market, recycling center).

Brainstorm a class visit
